

Why and what is Click & Collect?

In the 2018 B.E.A.R. report, Sunbury retail business owners asked the following questions :

How could all Sunbury coffee producers work together towards getting a little bit of Sunbury in every cup of coffee enjoyed in the coffee capital of the world? Then... world domination?

In order to improve the shopping experience in Sunbury as a whole, what are some of the techniques a retail shop could use to improve their individual in-store experience and online presence?

The Click & Collect shopping site has been created for a better local shopping initiative that aims to provide a low cost marketplace to help local retailers to combat the likes of Amazon.
